

SHEFFIELD SOCIETY OF ARCHITECTS NEWSLETTER JUL/AUG 2017

WE HAVE A NEW WEBSITE!

We are excited to announce that we have been working hard to launch our new website and it's now live!

There's a wide range of information on the website including:

- Information about the society
- Upcoming events, CPD's, building visits and workshops
- Past newsletters available for download
- Past events including CPD literature, photographs and notes
- Contact details
- Useful links

We will be taking bookings for events through the website from now on and it has an additional feature with a waiting list for sold-out events, so make sure you put in your details so we can contact you if places become available.

Have a look around and tell us what you think, we're always looking to improve on it and will be added more features in the future.

You can find the website here: www.sheffieldsocietyofarchitects.org.uk

BRANCH TO BRANCH CYCLE RIDE

On Friday 21st July 2017 two simultaneous charity bike rides are planned to depart from Liverpool and Hull, crossing overnight in Sheffield. SSA will greet the riders upon arrival in Sheffield and you are invited to join them and us for an evening of sociable drinks and to help raise funds for the RIBA Student Hardship Fund. Keep an eye on the website and social media for more details about this branch-to-branch event.

BUILDING VISITS

13.07.17 19:30-20:30

David Mellor Design - David Mellor Design, Leadmill, Hathersage, Hope Valley S32 1BA

A one hour tour led by Corin Mellor of David Mellor Design, which consists of a design museum & cafe, cutlery factory and shop. The cutlery factory was designed by architect Sir Michael Hopkins and far from a typical industrial building it was "built using a pioneering steelwork and pine-panel construction that is also evident in the design of the house".

AUGUST.17 TBC

Archer Lane House - Archer Lane, Sheffield, S7 2BU

A one hour tour of a sustainable home designed by Paul Testa Architecture. The sensitive site and strict constraints have shaped the building, a low energy home with a performance design target of AECB Silver standard.

CPD / WORKSHOPS

18.07.17 13:00-14:00

Floodsense

This seminar looks at flood events and consequences for new and existing structures, a subject of great importance here in Sheffield.

30.09.17 - 01.10.17 09:30-16:30

SSA Maker's Series - Dry-stone Walling Course

A 2-day beginners' course in dry-stone walling in the Hebden Bridge area. The course costs £120 per person for the two days and will be restricted to less than 12 people. It's a great opportunity to learn a new skill with some SSA colleagues.

Follow our social media and the website for more booking information for all the tours and events.
