

# SHEFFIELD SOCIETY OF ARCHITECTS NEWSLETTER NOV/DEC 2016

## SHEFFIELD DESIGN AWARDS 2016

The 2016 Sheffield Design Awards (SDAs) were presented at the well-attended awards ceremony, held on 26th October during Design Week 2016 at the Sheffield Hallam University Sheffield Institute of Arts within the former Head Post Office building.

A record number of schemes were put forward by architects, clients, and contractors for the 2016 SDAs. Projects were judged by an expert panel, with awards presented to those buildings and open spaces judged to have achieved the highest architectural standards and have made a substantial contribution to the local environment. Winning projects included:

**Outstanding Project of the Year Award and Open Spaces Award:**

Grey to Green by Sheffield City Council with the University of Sheffield Department of Landscape, Amey and Robert Bray Associates.

**Conservation Award and Residential/Housing Award:**

81 Slinn Street by Birkett Cole Lowe / Thread Architects.

**Small Project Award & People's Choice Award:**

Foodhall by Louis Pohl, Sam Atkinson & Jamie Wilde with SSoA Live Projects.

**Best Building Award:**

Blackburn Meadows Biomass by BDP Architects.

SSA organised the SDAs with Sheffield Civic Trust. We are grateful to all sponsors of the awards, including headline sponsor NHBC, Arup, Deltalight, Minerva, Nabarro, Silcock Leedham and Taylor Maxwell.
