

SHEFFIELD SOCIETY OF ARCHITECTS NEWSLETTER MAY/JUN 2017

FUTURIBA

We had a great attendance at the FutuRIBA event in April hosted by BDP and a lively debate took place between Ben Derbyshire and a range of people including students, newly qualified architects, education professionals and long-standing practitioners.

This included discussions on changes to the routes of qualification and the responsibility of architecture schools to deliver students suitable for work in practice, to the level of influence on policy making that architects can have and how to represent and fund the activities of the RIBA and SSA better in the North of England.

If you missed the event you can go to www.futuriba.co.uk to find quotes from the evening, and other upcoming dates for your diary.

BUILDING VISITS & CPD

Thank you all for supporting our building visits and CPD. We would love if you have any suggestions for events you would like us to arrange- either email or contact us on our social media below with your ideas.

Whilst we understand that sometimes you just can't attend an event that you've booked, we would really appreciate if you could either cancel through the Eventbrite system or let us know as soon as possible. For building visits this is especially important as we often have a waiting list, so cancellations would allow additional people to attend, and waiting for people to turn up can delay the start of the tour.

We have lots of tours and events coming up including some interesting hands on courses such as dry stone walling, so keep an eye out on our social media for how to sign up!
